EDUCATION

United Institute of Technology, Prayagraj 2024-2028
Bachelor of Technology (B.Tech), Electronics and Communication Engineering 3rd Year | 7 CGPA
B.N.T. Inter College, Prayagraj
12th Standard | 2023 | UP Board - 68%
10th Standard | 2021 | UP Board - 82.9%

WORK EXPERIENCE / TRAINING

- Python Trainee
Learned Python programming fundamentals and object-oriented programming. Developed basic Python applications and problem-solving skills.
- Embedded Systems Trainee
Gained hands-on experience with Arduino, microcontrollers, and sensor interfacing. Worked on embedded programming and hardware integration.
- VLSI Trainee
Learned CMOS design, digital circuit design, and VLSI design fundamentals. Gained hands-on exposure to basic VLSI design flow and EDA tools.

PERSONAL PROJECTS

- Fingerprint-Based Smart Door Lock System
 - Developed a biometric door lock system using Arduino Uno, R307 Fingerprint Sensor, and Embedded C for secure user authentication.
 - Integrated a Relay Module, 12V Solenoid Lock, and Buzzer to allow access only to authorized users.
 - Tech: Arduino Uno, Embedded C, Arduino IDE, R307 Fingerprint Sensor, Relay Module, 12V Solenoid Lock, Buzzer
- AI-Generated Audio Detection System
 - Developed the Flutter frontend, including audio upload, recording, navigation, and result display screens.
 - Integrated the frontend with backend APIs to provide real-time AI-generated audio detection results.
 - Tech: Flutter, Dart, FastAPI, Git
- Smart Agriculture Mobile Application
 - Developed the Flutter frontend with user-friendly screens, navigation, image upload, and weather features.
 - Worked on UI implementation and user interaction for the agriculture-focused mobile application.
 - Tech: Flutter, Dart, Android Studio, Git/GitHub

CERTIFICATIONS & ACHIEVEMENTS

- Python Programming Certification.
- Embedded Systems Training Certification.
- Participant - SRM University National Level Hackathon.
- Android Development Training Certification.

SKILLS

Python	Analog Electronics	Digital Electronics	VLSI
--------	--------------------	---------------------	------
